Exterior

The solid and majestic elegance, felt through the wider body and extended wheelbase, presents PALISADE's unique emotion.

Calligraphy Full Option (Robust Emerald Pearl)

More on Exterior

Calligraphy-exclusive radiator grille
Full LED headlamps (projection type)

LED rear combination lamps / LED turn signal lamps

21-inch alloy wheels & Pirelli tires (Calligraphy-exclusive)

Interior

The interior's horizontal layout, inspired by furniture design, evokes the comfort of a premium living space.

7-seater Calligraphy Full Option (Brown monotone)

* The screen layout/design of the infotainment system may change with the updates.

Panoramic curved display

More on Interior

Ambient mood lighting

* The ambient mood lamps' colors may look different depending on the selected interior color scheme and light color.

**Two-tone leather-upholstered steering wheel
Column-Type Shift By Wire (vibration warning)**

Space

The availability of 7- and 9-passenger seating adds new depth to the interior space.

7-seater

7-seater Calligraphy Full Option (Brown monotone)

7-seater

Designed to provide all passengers with pleasant spaciousness.

2nd-row relaxation comfort seats

The relaxation comfort seat enables the passenger to adjust the seating position for optimal comfort at a push of a button.

2nd-row dynamic body care seat

Individually controlled massage settings give each passenger a cozy and refreshing relaxation.

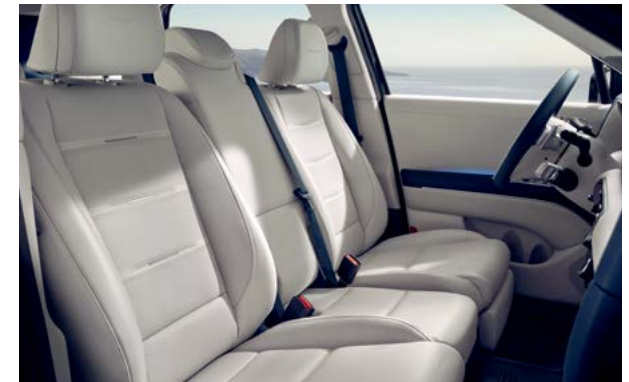

More on Space

9-seater

9-seater Calligraphy Full Option (Dark Navy / Light Gray)

9-seater

PALISADE, fitted with 9-passenger seating, provides adaptable and comfortable space, offers tax benefits, and can be driven in bus-only lanes on the highway.

* Criteria for bus-only lane: passenger car that has at least nine seats and six passengers

* Tax benefits: 1) VAT refund if purchased by a corporation or small business owner or company

2) Acquisition and registration tax exemption if the owner has at least two children aged 17 or younger 3) Individual consumption tax exemption

1st-row center seat

Center seat in the 1st-row is designed to be also used as a multi-console when folded down.

2nd-row 60/40-split folding seats

The 2nd-row includes power reclining, wing-out headrests, and one-touch walk-in feature designed to improve the accessibility to the 3rd-row.

* The walk-in feature for the 9-seater's 2nd-row is on the "4" side of the 6:4 split only.

Function

PALISADE offers extensive innovative convenience features befitting of a premium flagship SUV.

Remote seat access display

To enhance convenience, 2nd- and 3rd-row can also be adjusted remotely (including folding/unfolding, seat position, seat back reclining, and etc.) through the display.

2nd- and 3rd-row remote folding

An available electronic remote folding control located in the luggage space makes it easy to adjust the 2nd- and 3rd-row seats from the rear.

* Availability of remote seat access display may vary depending on the selected trim.

* The screen layout/design of the infotainment system may change with the updates.

In-car fingerprint authentication system

Developed for quick driver authentication for such as, in-cabin payments, deactivating valet mode, starting and driving the vehicle.

Reverse light guide

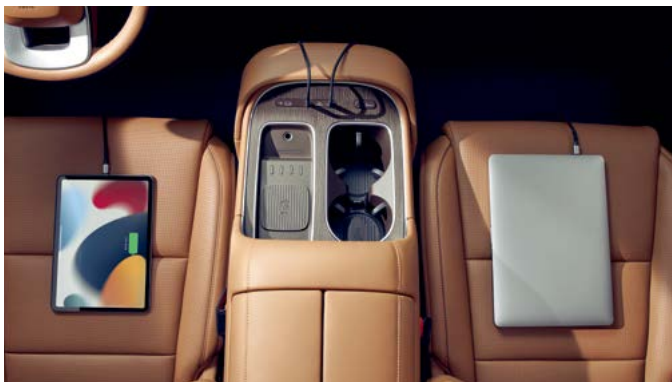

The reverse lights signal the nearby vehicles and pedestrians by illuminating the ground when in reverse gear.

BOSE premium sound (14 speakers and external amp)

An available sound system of 14 premium speakers, high-end external amp, and BOSE's bespoke sound profile delivers grand and rich audio experience.

More on Function

Hyundai AI Assistant

With the generative AI developed by Hyundai, passengers can access vehicle's functions via voice commands, and receive essential information while driving.

6 USB Type C ports (100W)

Fast charging USB ports capable of delivering up to 100W are located in all three rows, providing quick connectivity to all passengers.

* The screen layout/design of the infotainment system may change with the updates.

* Maximum of 50W output is available when using two of 100W USB ports simultaneously in the 1st-row.

Built-In cam 2 Plus

Improved high-resolution camera looks out front and rear of the vehicle, and records when motion is detected when parked enabling to capture incidents over an extended period of time. Integration with Bluelink enables the vehicle to notify, and send recordings when impact is detected and provide camera status.

Digital center mirror

Full-display digital rearview mirror provides clear view behind the vehicle combined with designated camera.

* Built-In cam 2 Plus can run for maximum for 4 consecutive days when motion detect feature is activated. (Motion detect and 24-hour recording cannot be used simultaneously.)

Surround View Monitor with guidelines

Combination of the monitor with guidelines helps the driver to better estimate the distance from surrounding obstacles.

Rear view camera cleaning system

Developed to clean both rear view cameras even while driving for enhanced safety.

Driving

More on Driving

The new powertrain system, with outstanding performance, enables a new level of driving experience.

Calligraphy Full Option (Robust Emerald Pearl)

Smartstream Gasoline 2.5 Turbo Engine

281 Max.Engine Power
PS/5,800rpm

43.0 Max.Engine Torque
kgf-m/1,700 - 4,000rpm

9.7 Combined fuel economy
km/ℓ (based on 18-inch tires/8-speed A/T/2WD/7/9-seater without built-in cam)

Preview electronically controlled suspension

Electronically controlled dampers actively adjust the sensitivity to deliver optimal stability when driving.

* Exclusive for 21-inch alloy wheel.

Hands-On Detection

Steering wheel is updated with capacitive based system, detecting driver's hands more accurately.

Drive mode select (Drive mode/Multi terrain control)

Various driving mode can be selected depending on driver's preference and road conditions. Selected driving mode can be checked on the driver cluster in real-time.

Head-Up Display

Expanded head-up display with local dimming technology improves the display visibility for the driver.

Hybrid

Equipped with the next-generation hybrid system, boasting immense power and excellent range.

More on Hybrid

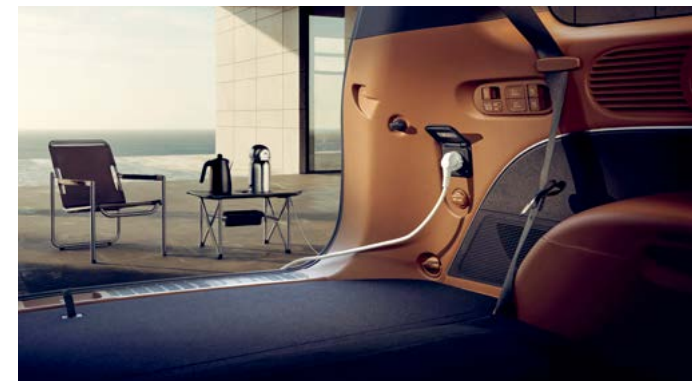

Calligraphy Full Option (Classy Blue Pearl)

Smartstream Gasoline 2.5 Turbo Hybrid Engine / Electric Motor

334 Max. System Output PS/5,800rpm **36.0** Max. Engine Torque kgf-m/1,800 – 4,500rpm **264** Max. Motor Torque Nm/ – 1,900rpm

TBA Combined fuel economy
* Fuel economy for the hybrid model will be announced after government reporting is completed.

Stay mode

On-board battery delivers comfortable resting space without the need of starting the vehicle. When activated after parking the vehicle, convenience features including multimedia can be accessed.

Indoor V2L

External devices can be powered with the on-board battery. The outlet is located in the luggage space for optimal usability.

* Stay mode cannot be activated if any of the following are true: SoC under 35%, low fuel indicator on, power relay off, vehicle not in P (parking) mode.

Hyundai SmartSense

Hyundai SmartSense keeps the driver and passengers safe and protected.

Forward Collision-avoidance Assist (vehicles/pedestrians/two-wheeled vehicles/junction turning/front oncoming/intersection crossing/changing lanes in oncoming traffic/approaching from either side/evasive steering assist)

This function, after scanning the vehicle's immediate surroundings, issues warnings when a collision risk is detected. If, after a warning is issued, the vehicle in front suddenly slows down or the risk of (frontal) collision with a car, motorcycle, pedestrian, or bicycle increases, automatic braking is activated. If, while making a left turn at an intersection with the turn signal on, there is increased risk of collision with a car or motorcycle approaching from the opposite side or with a car approaching from the left or right while going straight through an intersection, automatic braking is activated to help the driver control the vehicle. Automatic control is also activated if, while driving in one's lane, a high risk of collision with a vehicle approaching from the opposite lane is detected. The Forward Collision-avoidance Assist automatically activates avoidance steering if, while changing lanes, there is a risk of collision with a vehicle, two-wheeled vehicle, or two-wheeled/preceding vehicle in the neighboring lane. Avoidance steering is also automatically activated if there is a risk of collision with a vehicle, two-wheeled vehicle, pedestrian, or cyclist at the periphery of the lane in front or, while changing lanes, with a vehicle or two-wheeled vehicle next to or behind the car.

Blind-spot Collision-avoidance Assist (issues crash warning while driving, engages collision avoidance assist while leaving (forward) a parking space)

A warning is issued if danger of collision with the vehicle next to or behind the car is detected while the driver is using the turn signal to change lanes. If a risk of collision with the vehicle next to or behind the car is detected (and increases) while attempting a forward exit from a parallel-parked position, automatic braking is activated.

Smart Cruise Control with Stop & Go

Smart Cruise Control helps maintain distance from the front vehicle and drive at a speed set by the driver. Automatically stops when the front vehicle stops and automatically starts when the front vehicle departs within a short time.

More on
Hyundai SmartSense

Highway Driving Assist 2

This system helps to not only maintain a safe distance with the vehicle in front on a highway or a regular road by driving at a uniform speed but also to keep the vehicle in the center of the lane on a curved road. If you engage the turn signal (while holding the steering wheel) in the direction you wish to change lanes in, the vehicle will automatically move over (HDA 2 only works above a certain speed).

Navigation-based Smart Cruise Control (safety speed zone/curve control/access road)

This function helps the driver, in response to situational factors, maintain a safe speed while driving on a motorway or highway and also automatically slows the vehicle down just before entering a section of road with a lower speed limit, curved part of the road, or a ramp. After having passed through such section, the vehicle is returned to the previous speed.

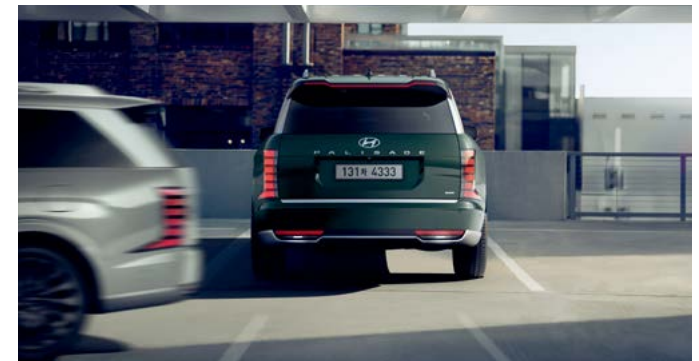

Lane Following Assist 2

This system keeps the car in the center of the lane.

Rear Cross-Traffic Collision-avoidance Assist

If a collision risk is detected from the left or right while driving in reverse, the driver is issued a collision warning. If the collision risk increases after the warning, the brakes are activated automatically.

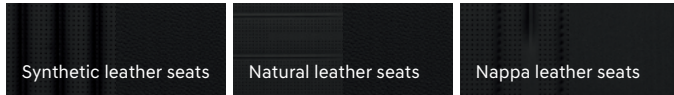

* Since the advanced driver assistance system (ADAS) is a function that assists the driver's operation, always drive with caution.

* The function may not operate smoothly or properly depending on the surrounding environment and driving conditions. In addition, the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual. * The above specifications are applied differently depending on the trim, powertrain, and specifications directly selected by the vehicle purchaser in consideration of price and preference.

 ※ Figures for the hybrid model will be announced after government reporting is completed.

PALISADE Hybrid Warranties	
Warranty for Hybrid parts	10-year/200,000-kilometer warranty - Electric motor, Hybrid high-voltage battery HPCU (Hybrid Power Control Unit)

※The benefits offered through the warranties above may be subject to change.
 ※Contact a branch or dealership for details.

Maintain a constant speed to drive more efficiently.

-The fuel economy described above is based on the standard model and may differ during actual driving depending on road conditions, driving technique, cargo load, vehicle maintenance, and outdoor temperature. -Some of the images presented here include optional specifications, so their appearance may differ from the car you purchase. -The specifications, colors, and sources presented here may be modified to improve vehicle exterior and performance. -The engine performance described above is the "Net Number," a new measure reflecting exhaust resistance that complies with legislation enforced by Korea's Ministry of Land and Transport since 1997. It can be marginally lower than "Gross Output Number," the previous measurement. -Leather seats include some synthetic leather. -Vehicle colors presented here may differ from actual appearance. -The specifications listed in this brochure may change depending on the model, and they may apply to a car fitted with optional equipment. Please refer to the appropriate price chart for additional information. -Hyundai Motor Company is committed to fair trade practices, with the same price and quality of vehicles nationwide.

-Use of engine oil or fuel that is of low quality may result in damage to the vehicle. -For more information about the new technologies and specifications described in this brochure, please refer to a user's manual.
